Recycling and donation of glasses

Leader : Patrice DELATTRE

Médico collects more than 5 million glasses per year.

After being sorted at Le Havre's workshop, selected glasses are cleaned, calibrated, identified, and put into bags so that missionary doctors are able to react quickly at the patient's needs.

Glass correction being checked on a frontofocometer.

Medical supplies recovery

Leader : Hervé BALLIÈRE

Médico collects and ships medical supplies in developing countries.

Coronary angiography equipment installed in Dakar. This wide investment has been financed by la Chaîne de l'Espoir, the LCIF, France and Senagal Lions Clubs and other Médico partnerships.

Charitable missions

Leaders : Docteurs Patrick DUQUESNE and Jean-Marc BINEAU

Médico organises caritativ missions in India, Madagascar, Laos

Center of Pudhu Punal in South-East India.

The Duquesne Doctors father and son are undergoing a surgery on a patient's cataract in Madagascar.

Ophthalmic Diagnostics

Leaders : Docteur Jean-Marc BINEAU (Le Havre) and Patrick DUQUESNE (Hauts de France)

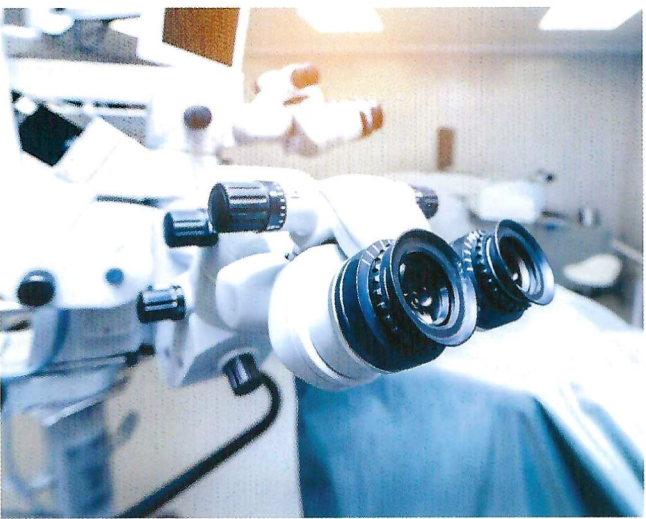

Médico organises ophthalmic diagnostics for people that don't have social security coverage in order to equip them. Since march 2017, Médico achieved 110 opthalmic diagnostics.

Charitable projetscs

Leader : Yves ROMAIN

Médico makes collected supplies available to Clubs that are renewing their equipments.

Fabrics Recovery

Leader : Hugues ÉMONOT

Médico plans punctual fabrics collections made by Lions Club.

40 boxes have been installed at Le Havre by associations like Grenier, Emmaüs, la Croix Rouge... Médico has acquired 6 units of those.
